#Africities

17 - 21 May 2022

KISUMU, KENYA

Under the High Patronage of His Excellency Uhuru Kenyatta, President of the Republic of Kenya
Africities is the materialization of a choice and of a will. The aim is to strengthen the role of local and regional governments in the development of the continent and to help build the integration and unity of Africa from its territories.

Africities summit is the largest democratic gathering organized in Africa. It is the main platform for dialogue on decentralization and local governance that brings together every three years, African ministers; mayors, leaders and elected officials of local and regional governments; civil society organizations; traditional authorities; representatives of the African diaspora; economic actors; experts, researchers and academics; financial institutions; and development partners.

The theme of the 9th Africities Summit, which will be held from 17 to 21 May 2022 in Kisumu, is: “The Role of Intermediary Cities of Africa in the Implementation of Agenda 2030 of the United Nations and the African Union Agenda 2063”. Kisumu is the first ever intermediary city to host the Africities Summit. The previous 8th Africities edition, held in Marrakesh from 20 to 24 November 2018 in Morocco, registered attendance topped a record of 8,300 participants.

The Africities Summit has two major goals:

• To define appropriate shared strategies in order to improve the living conditions of people at the local level.

• To contribute to the integration, peace and unity of Africa from its territories.

Organized every three years for the past 20 years, the Africities Summit has been held under the banner of UCLG Africa since 2006, alternately in each of the five regions of the continent.

General architecture of the Summit

• 5 000 square meters of exhibition space;
• Between 150 and 200 exhibitors from Africa and other continents, including country pavilions, institutional pavilions, and booths dedicated to public or private companies;
• B2B Meetings;
• A series of workshops held each day around the following five main priorities of the African Development Bank (High Five), namely:

1. Lighting up intermediary cities;
2. Feeding intermediate cities;
3. Improving the quality of life in intermediary cities;
4. Developing economic activities and employment in intermediary cities;
5. The contribution of intermediary cities to African integration and unity.
